

Graduate Awards 2009

Entry Form

Did you graduate from a civil engineering or related degree course in 2008?

If so it could be you receiving prizes and praise in our industry's top Graduate Awards.

NCE and our major company sponsors are looking for all round engineering flair as well as academic ability.

For information and further entry forms visit nce.co.uk/graduateawards

or contact David Hayward on

Entries deadline: 22 September 2009

Sponsored by

Investing in the future

The NCE Graduate Awards 2009 are designed to recognise and reward the most promising all round civil engineers who graduated during 2008 and are now 'enjoying' their first post graduate jobs, putting into practice what they learned at university.

- The awards are open to anyone who graduated from an ICE accredited civil, structural – or related – engineering first degree course, or MSc postgraduate course, during 2008. The MSc must have followed on directly after the first degree without a gap between the two courses. A graduate currently pursuing any other relevant post graduate degree is also eligible so long as the first, or MSc degree, was completed in 2008.

- Entrants will be judged on all round ability; not only academic and work related achievements but also their enthusiasm for civil engineering.

- Entries should be submitted by the graduate and include a commendation from either a company training officer or a relevant senior engineer.

- Company training officers are asked to encourage a wide range of their graduates to enter - not just selected favourites. Additional entry forms can be obtained from David Hayward, Awards Secretary, as detailed below, or by photocopying this form, or by downloading one from our website: www.nce.co.uk/graduateawards

- Entries will be judged by a panel of senior engineers drawn from the awards' Sponsors. Shortlisted candidates will be contacted by Friday 23rd October 2009 and asked to make a short

presentation at a meeting with the judges at the Institution of Civil Engineers, London on Friday 6th November 2009. Entrants not approached by 23rd October, have regrettably not been shortlisted.

- All shortlisted candidates will be invited to the awards' presentation lunch on Friday, 4th December 2009, held at the Institution of Civil Engineers, London. Travel expenses to the ICE will be reimbursed by NCE.

- All shortlisted candidates will receive a certificate. The winner will receive a specially commissioned trophy and £1000. Two runners' up will each receive £500 and three highly commended candidates £250.

- The judges' decisions will be regarded as final and no correspondence, other than required by this entry, should be sent to any judge.

- For further details, or enquiries about the awards scheme, please contact: David Hayward, Awards Secretary. Tel: 01325 461149 e-mail: hayward.david@virgin.net

The awards are sponsored by

**Aecom, Amey, Arup, Atkins, BAA, Balfour Beatty, Black & Veatch, Capita Symonds,
The Institution of Civil Engineers, Mott MacDonald, Parsons Brinckerhoff,
Randstad, Skanska, Transport for London and WSP Group**

Graduate Awards 2009 Entry Form

Full name of Candidate

Age

Contact address

**Phone numbers: daytime land line
mobile**

**evening land line
contact e-mail:**

Employer's name and address

University/College attended & course title

**Please list relevant academic achievements and additional interests at university,
including completion date and class of degree.**

Please list relevant achievements and interests at work:

**Summertime, gap year, post grad. Include brief current job description and responsibilities,
plus any technical innovations or problem solving successes you are proud of.**

Please state, in no more than 50 words, why you chose to be a civil engineer.
